“ Mr Enico was one of the best parts of Taylor Street. I still remember him teaching us the Pac Man pattern during class and I'm pretty sure he organized the plastic model club. Years later I bought equipment from his car audio shop in Phillipsburg. A few years ago when my daughter went to Taylor Street I looked down the hallway where I had 4th grade and thought of him immediately. He was a great guy, thanks for the education while making it fun. Rest easy, cheers.

“ Mr Ennico was my 4th grade teacher back in 1981/82. He was a fantastic balance of education and fun. We loved playing kickball (he would pitch), having math competitions on the chalkboard and making fun jokes. Mr Ennico got to know us all and would push us to be our best. I have great memories of my year in his class. AND I bought a car radio from him in my early 20s. Sweet memories. Sending healing thoughts to his wife and kids who he proudly told me about when I bought the radio.
